

Rapid delivery of custom optical cable assemblies, with an option to pay via credit card, is now available for networking customers requiring quick-turn-around times on small- to medium-size orders

Quick-Turn Line Cable Assemblies provide customers a source for traditional commodity-style cables with rapid delivery at competitive prices. Molex’s QTL cable assemblies provide fast delivery opportunities for customers who need cables for: testing active devices; complete an urgently needed optical equipment installation; or require a small- to medium-size lot of cables for inventory needs.

Molex will support all traditional styles of cables including LC, FC, SC and multi-fiber cables including MTP 12 and 24 fibers and breakouts. Customers may use credit cards for purchasing the QTL cables.

For additional information visit: www.molex.com/link/QTL.html

Features and Benefits

Shortened lead times on standard cable assemblies: single mode and multimode FC, SC and LC; industrial LC; and MTP 12 to 24 ribbon fiber and breakout assemblies	Rapid delivery targeting 1week at competitive pricing for small orders in the range of 10 to 100 pieces
Custom lengths from 1.00 to 100.00m available	For design flexibility
Credit card orders are accepted (Master Card, Visa, AMEX)	For ease of ordering
RoHS compliant	Meets industry-standard requirements for environmental compliance
Cables 100% tested for IL/RL	Cables factory-certified for optimal performance

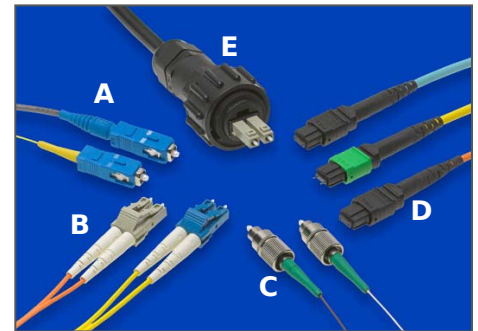

Specifications

Reference Information

- Packaging: Poly Bag
- UL File No.: Connectors rated UL 94 V0
- Mates With: Respective Adapters:
 - LC Adapters, Series 106125, 106126, 106127
 - SC Adapters, Series 106161, 106166, 106170
 - FC Adapters, Series 106152
 - MTP Adapters, Series 106181
- RoHS: Yes or Compliant by Exemption
- Halogen Free: No
- Connector Styles Include:
 - LC, SC, FC Plastic Industrial LC and MTP 12 to 24 Ribbon Fiber

Optical Quick-Turn Line Cable Assemblies

Custom Standard FC, LC, SC, Industrial LC, MTP 12 to 24 Ribbon Fiber and MTP Ribbon Fiber Breakout Cable Assemblies

Optical Quick-Turn Line Cable Assemblies

- A. Standard SC Cable Assemblies
- B. Standard LC Duplex Cable Assemblies
- C. Standard FC Cable Assemblies
- D. MTP Ribbon Fiber Breakout Cable Assemblies, MTP 12 to 24 Ribbon Fiber Cable Assemblies
- E. Industrial LC Cable Assembly

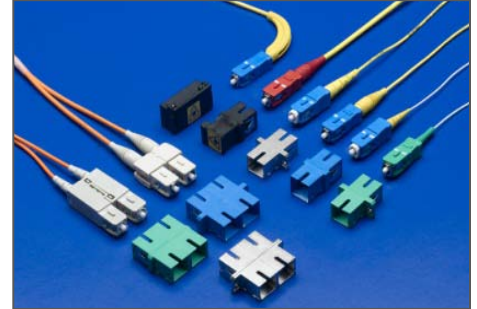

Applications

- Telecommunication and Datacommunication Applications
- Hubs/Outside Plant (OSP)
 - Servers
 - Routers
 - Central offices
 - Test equipment
- Other Markets
- Data networks
 - Industrial
 - Medical
 - Military
 - Test labs
